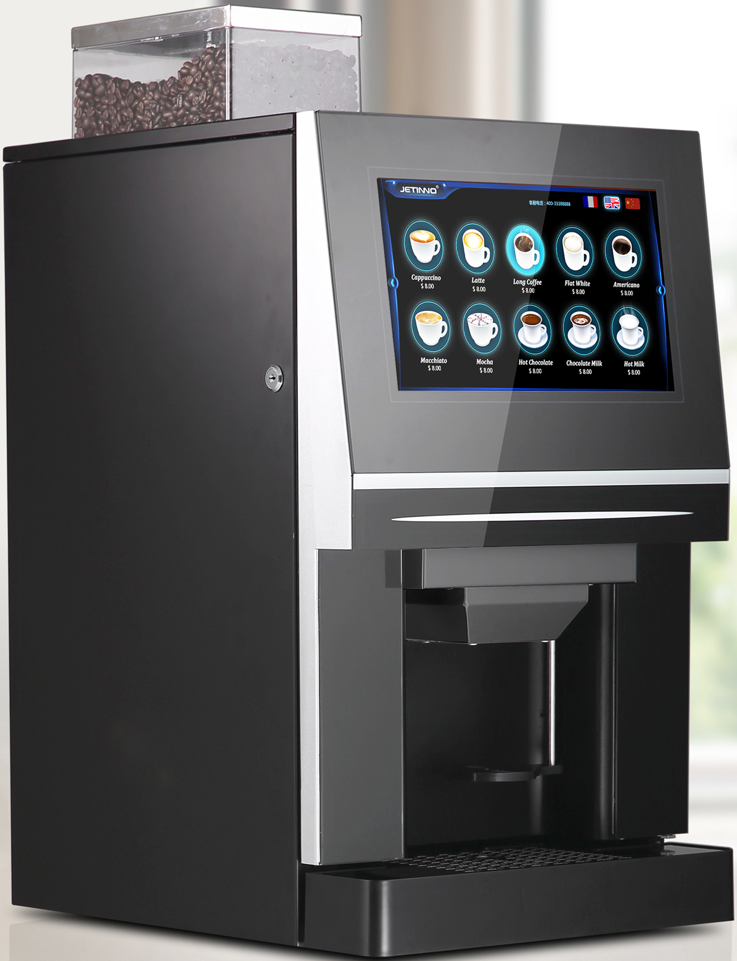
JETINNO®
INSPIRE LIFE BETTER

Jetinno Table Top Automatic Espresso Coffee & Tea Vending Machine

Fresh tea



Espresso

Milk foam system

IOT system

Auto-cleaning

Malfunction warning

Made-on-site vending coffee bar

Linux system, MDB protocol, EVA/DTS vending system, IOT management sytem.
Fully automatic bean to cup coffee-making, Fresh tea, facilitating operation friendly.

User-friendly by one touch operation

Sliding touch screen left/right side smoothly, facilitate operation;

15°-slant screen design, better for operation;

14 inch versatile screen, Ad + menu.

12 kinds of coffee & tea beverages

Bean to cup Espresso, Espresso derivatives.
Fresh tea & fresh tea derivatives beverage.
Ingredients are adjustable, menu is adjustable.

Black coffee: Espresso, Americano

Milk coffee: Cappuccino, Latte, Macchiato, Mocha

Tea: Ceylon black tea, Milk tea, Chocolate milk tea

Instant beverage: Milk, Chocolate, Milk Chocolate

Others: Hot Water

Machine offers customized coffee flavors exactly

Automatic cup detection sensor;

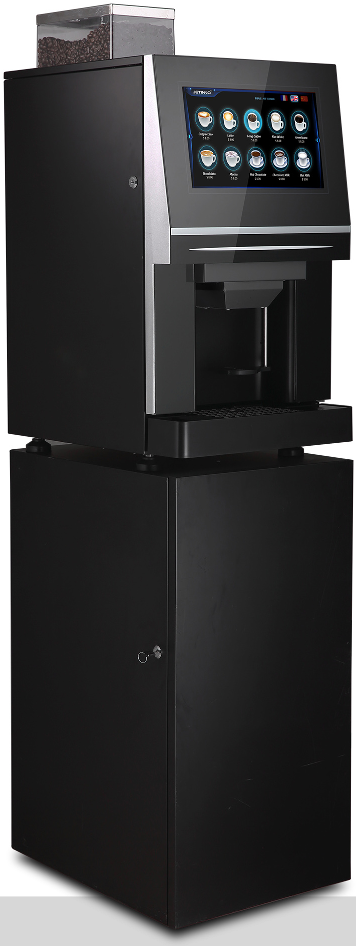
Adjustable beverage flavors;

Light flashes after finishing making beverage,

reminding consumers taking coffee.

Multiple payment methods

Mobile/ Bill/ Coin/ RFID/ Credit Card



Brewing beverage efficiently

700ml boiler, hot water flow 15ml/s;

Espresso – 45s(30ml), milk coffee – 60s;

Hot water speed – 15ml/s.

Automatic cleaning system

Adjustable cleaning time;

Cleaning with hot water for

maximum safety and sanitation.

IOT system

Machine management:

- Error alert;
- Ingredients shortage warning;

Order management:

- Real time data collecting and data updating;
- Real time monitoring to assist operators and to reduce maintanance costs;

Parts specification

- **4L Bean hopper**

  1.1 kg capacity, space saving integrated hopper.

- **Ditting EMH64 coffee grinder**

  Bean hopper empty detection;
  64mm flat grinding burrs for high and reliable grinding performances;
  Target operating life (excl. grinding discs): 750 000 shots;

- **Jetinno patented espresso brewer**

  Max. 20g/ shot with pre-infusion function;
  9 bar pressure;
  Adjustable and accurate temperature control;
  Easy to clean.

- **Jetinno patented tea brewer**

  Max. 10g/shot with pre-infusion function;
  90°C accurate brewing temperature;
  Accurate brewing & extraction time;
  Max 350ml beverage.

- **Ingredient canisters**

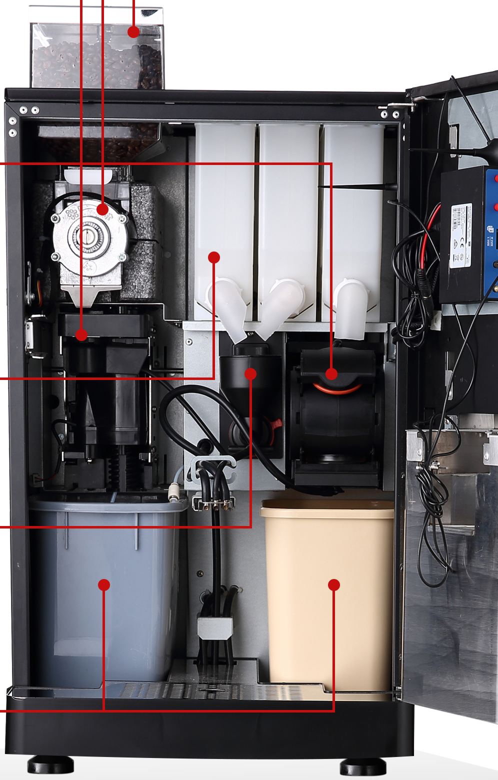
  Smart calibration to garantee the flavor of every single cup

- **Jetinno patented mixing system**

  Adjustable mixer speed from 0-17000 rpm;
  Spinning techology for excellent foam quality;
  Easy to disassemble for maximum cleaning.

- **6L waste bin**

  6 liter capacity to reduce maintenance frequency.



Application scenario

Office

convenience store

Hotel

Tea shop

Bakery shop

Restaurant

Configuration

CB/CE/CQC certificate

Daily-production Capacity

Item	Coffee Machine	Coffee Tea Machine
Model	**JLTT-ES4C-14-P**	**JLTT-ESFB4C-14-P**
Cup per day	300 Cups	300 Cups
Cup per hour	40 Cups	40 Cups
Hot water Capacity per hour	9L	9L
